Protect Your Good Life

If you're like most people, you've worked hard to get to where you are today. While everyone's path is different, yours may have involved investing your education, putting in extra hours on the job, saving and investing carefully, and even some DIY effort to improve and maintain your property.

Now that you're enjoying the good life, you need to protect it.

This means securing robust insurance for your house and your cars, as well as any boats, ATVs, RVs or other vehicles.

It also means understanding and safeguarding against liability exposures that come with entertaining guests, having people work in your home, owning pets, and enjoying swimming pools and other amenities.

On the following pages, we'll show you how the right insurance partner can help you protect your good life with smart, affordable coverage.

Protect Your Good Life With Personal Insurance Bundling

Protecting the Good Life – Step #1

Work with a Team that Works for You

The Challenge:

There are many insurance partners to choose from. But how can you be sure you're getting the best coverage?

The Solution:

Choose an independent insurance agency.

Independent agencies don't work for a single insurance carrier. Instead, they have access to coverage from multiple insurance companies – so they can find the policy that fits your unique needs.

How RIGHTSURE Stacks Up:

With RIGHTSURE, you never need to worry that an agent is pushing a policy that's wrong for you. With more than 40 insurance coverage choices, you'll get the right fit, every time – and the agents at RIGHTSURE will do the work to make sure you get the personalized coverage you deserve.

Our online service center at Rightsure.com/service-center is available to serve you 24/7!

Deliver the Best
Coverage Package**

Most people aren't insurance experts, and they may not know enough about coverage to avoid insurance coverage gaps and other potentially disastrous issues on their own. That's why it's important to find an expert to guide you through the process.

Avoid Risky Coverage Gaps

The Challenge:

When you piecemeal your insurance, none of your agents can see the big picture and understand the potential gaps.

The Solution:

When you work with a personal insurance expert for all your coverages, they can see the big picture, fill in the gaps and eliminate any coverage overlaps.

How RIGHTSURE Stacks Up:

With RIGHTSURE, your bundled insurance package will be personalized to meet your unique needs. Here's a look at what it might include:

Homeowners Insurance

Your house is more than an investment. It's your family's haven. Whether you experience a minor claim or a total loss, you want the right insurance to make your family whole again as fast as possible.

Auto Insurance

From crashes to crime, there's a lot that can go wrong on the road. You need the right auto coverage to make sure you're covered, no matter where the road takes you.

Motorcycle, RV and Off-Road Vehicle Insurance

Like to take the road less travelled? Great! We can help you get the right insurance coverage for your ATV, snowmobile or other vehicle.

Boat and Watercraft Insurance

Love fishing, skiing and cruising? If you have a boat or other type of watercraft, you need to insure it, too.

Umbrella Insurance

Standard coverage may be insufficient to shield you from major lawsuits. An umbrella provides excess liability coverage on top of your other policies.

Don't Rush Important Processes

Insurance can be complicated, and if any mistakes are made, you might not have the coverage you need when something goes wrong. Be sure to address all the "what ifs" with thoughtful, proactive coverage.

Save Time by Bundling

The Challenge:

Your time is limited, and you don't want to waste it on insurance hassles.

The Solution:

Bundling coverage streamlines all the insurance processes.

How RIGHTSURE Stacks Up:

We bundle coverage whenever it makes sense to save you as much time as possible.

Update Your Coverage Every Year

Over the years, your needs may change, and your insurance should keep up – otherwise, coverage that used to be good can turn bad. We meet with you annually to update coverage and ensure you always have the best rates.

Purchasing Coverage:

Purchasing insurance can involve a lot of paperwork and fine print. Bundling coverage is one way to simplify the process.

Paying Your Premium:

Combining coverage can also be a way to combine bills, taking some of the hassle out of monthly premium payments.

Filing a Claim:

If something goes wrong, you don't want to waste time figuring out which carrier provides coverage. When you bundle, you know exactly who to contact.
